

## **Protection of children's rights**

In the production of food and drinks, their presentation and accommodation services as part of our corporate activities;

The rights of children as well as local and international laws and regulations are seen as a minimum standard, which is protected.

There are condemns all types of child abuse, and all legal requirements are supported.

The setting for the prohibition of child labor and child labor outside of a legal education is, of each area (employees, guests and suppliers) support and each area is this awareness and constantly informed in order to strengthen the development of children's rights, to prevent abuses and this to be monitored.
